

Willsboro Central School District Communication Guidelines

It is our hope that this communication guideline procedure will serve as a helpful resource for parents and other community members with questions or concerns. In addressing concerns or questions efficiently and effectively, staff members are directly involved with the question and should be contacted first. If the question is not answered or the issue is not resolved at a given level, proceed to the next level. The Board of Education will become involved, if necessary, in the final stage of the process. Thank you for your cooperation.
