PART I. Welcome to Willsboro

Dear Student:

You are entering an exciting time here in Willsboro. If you study and work hard, you will learn and grow into a stronger and better person. We hope you make the best of this school year.

This handbook has been developed through the efforts of WCS teachers, administrators, staff, school board, student council, and parents. The handbook is intended to help you understand the rules and procedures at school. It should not be construed as a full compilation of all school policies; they are too numerous to be presented herein.

VISION STATEMENT

To create a model community-based center that responds to the learning and training needs of all citizens within the Willsboro Central School District.

MISSION STATEMENT

The mission of the Willsboro Central School District is to produce healthy, responsible, productive citizens who value life-long learning and are capable of contributing to a global community. In concert with the community, the school as a learning and training center must provide instruction, which opens minds to inquiry and reasoning while acquiring factual knowledge. We accomplish this by providing the resources of the whole community in an exciting, interactive environment conducive to learning.

PART II. The School Day

STUDENT RIGHTS

It is impossible to list all the rights of students. Therefore, the following rights shall not be intended to deny or limit others retained by students on their own campus in their capacity as members of the student body or as citizens.

1. The rights and limits of students respecting freedom of speech, press and assembly shall be in accord with the First Amendment of the United States Constitution. Students have the right to free speech. However that constitutional guarantee does not include the license to interfere with the orderly conduct of classes, to coerce others to participate in a particular mode of expression, or to violate the rights of those who disagree with a given point of view.
2. There shall be established an elective and truly representative student directed government with offices open to all eligible students.
3. Students, in consultation with teachers, administrators and parents, shall have the right to participate in the establishment of regulations regarding discipline.
4. Students shall have the right to know the criterion used for determining academic grades.
5. As outlined in the Rules of the Board of Regents, students shall not be subject to corporal punishment, except for the reasons designated by the Board of Regents.
6. Students shall have the right to an education that is free from disruption.
7. Students shall have the right to due process procedures in all matters pertaining to the administration of the Student Code of Conduct.

8. Students shall have the right to attend school and school functions without the fear of intimidation, bodily harm, or endangerment to their health or welfare by others. (see ineligibility procedure)

STUDENT BEHAVIOR & CONDUCT

The foundation of a successful and safe environment is the orderly conduct of the people who live, work, and learn there. Therefore, if our school is to function effectively, we must all learn to act and behave in a safe and orderly manner. This discipline code is one component of our collective efforts to achieve this goal.

In an effort to assist our students in making better and safer decisions, we are providing the following explanation of the behaviors which are unacceptable in school or school related functions and the consequences for **choosing** such behaviors.

STUDENT EXPECTATIONS:

1. All students are expected to attend school daily and arrive on time.
2. All students are expected to be in the classroom and ready for instruction at the beginning of each period.
3. All students are expected to come to class prepared with books, necessary materials, completed homework and agenda every day.
4. All students are expected to attend each scheduled class daily.
5. Students need prior permission before entering rooms or spaces within the school that are not part of their daily schedule. No students should be in the school building outside of school hours without supervision from a school employee.
6. All students are expected to attend any assigned detention. Detentions are assigned at the school's discretion. After school detention may be assigned for students in grades 3-12.
7. In an effort to maintain the cleanliness of our school, students are to consume food or drink in the cafeteria unless authorized by a staff member. Students are only allowed clear plastic water bottles in their lockers. Students may not order food from off-campus food services and have it delivered during the school day.
8. All students will not exhibit behaviors that disrupt the function of school.
9. All students will not exhibit language or gestures that are profane, lewd, vulgar, or abusive.
10. All students are expected to refrain from displays of affection beyond handholding.
11. We have provided students with an exceptional facility. To maintain conditions of our school, there will be no tolerance for graffiti or defacing school property.
12. Students in grades Pre-K to 6th grade will not be permitted to bring/consume energy drinks, soda of any kind, coffee, or other caffeinated drinks during school hours.
13. Cell phones and other personal electronic devices for students in grades Pre-K through 6th grade are not allowed in school from the time students arrive at school until dismissal.
14. Electronic devices can be a distraction to the regular function of the school day therefore students in grades 7-12 are prohibited from using the following devices during school hours without their teacher's permission; electronic games, iPods, laser pointers, etc. Students are not allowed to bring portable speakers to school. Students need to exhibit appropriate cell phone etiquette in the school, therefore, cell phones may be used in the hallway (between periods) and at lunch. Students are not allowed to project music or other loud noises from their phones or similar devices in the hallway. Cell phones are not allowed to be used in the classroom unless you have teacher permission. The first offense the cell phone will be confiscated, and put in the school office and a verbal warning issued—the second offense will be confiscation and a parent will need to pick up the phone from the administration—third offense will be 6 same as second and one week without the phone at school. If there are violations after the 3rd offense further discipline will be determined by the administration

15. A student's dress, grooming, and appearance, is expected to be safe, appropriate and not disrupt or interfere with the educational process. Students should recognize that extremely brief garments, see-through garments, or clothing failing to cover undergarments are inappropriate. As an example, shorts/skirts should extend to the length of your fingertips when standing straight. Appropriate footwear shall be worn at all times. Students will refrain from wearing hats or other head gear except for medical or religious purpose. Students will refrain from wearing garments which are vulgar, obscene, and libelous or denigrate others on account of race, color, religion, creed, national origin, gender, sexual orientation, or disability and not promote or endorse the use of alcohol, tobacco or illegal drugs and/or encourage other illegal or violent activities.
16. Students are expected to comply with the directions of teachers, school administrators or other school employees in charge of students and are to show respect for others at all times.
17. If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the CSE Chairperson. If warranted, discipline shall be administered consistent with the separate requirements of this disability. A student identified as having a disability shall not be disciplined for behavior related to his/her disability, unless the discipline is consistent with the student's individualized education plan (IEP).
18. Theft is not only a violation of school code, it is a crime; therefore, there will be no tolerance for stealing of any kind.
19. Students are expected to refrain from any actions that endanger safety, morals, health, or well-being of others. This includes intimidation, fear of bodily harm or harassment, and actions intended to be ridiculing or demeaning.
20. Students will refrain from any form of dishonesty including: plagiarism, cheating, copying, altering records, forgery, or assisting another student in any of the above actions.
21. Students are expected to remain in school for the entire school day unless legal permission is granted, in writing or by a verified phone call by their parent, guardian, or emergency contact.

RESPONSIBILITY ROOM

The responsibility room is for students who exhibit disruptive behavior that is beyond the usual classroom management issues. Students will remain in the responsibility room for the remainder of the class period. If elementary and high school students are sent at the same time they will be kept separated. For serious or dangerous infractions, the principal will be called in to assess the situation. Students are directed to write their version of the incident on the discipline form. A meeting with administrator, parent, and teacher may be requested.

IN-SCHOOL SUSPENSION

When the discipline codes call for it, a student who would otherwise be subject to a suspension from attendance as the result of a disciplinary infraction may be placed on in-school suspension for a period not to exceed five school days. If the student is in 3rd grade they may spend up to ½ a day in ISS; 4th – 6th grade may serve a full day.

The student's teachers will be notified that assignments for the period of suspension should be sent to the suspension room. The student suspended shall report at the beginning of the scheduled suspension day. While in ISS, students must observe the following rules:

1. You must be in your seat by the beginning of first period (fifth period for afternoon half day ISS).

3. You must sit forward, facing the front, with both feet on the floor and no turning around.
4. No cell phones or electronic devices of any kind are allowed in the ISS room.
5. All book bags, duffel bags, sacks, etc. are to be left near the ISS monitor's desk.
6. You are not allowed out of your seat unless the monitor grants permission.
7. You are to raise your hand to be recognized by the monitor.
8. Being insubordinate or refusing to do assignments will result in further administrative consequences.
9. You may not sleep or put your head down on the desk.
10. No outside magazines or newspapers are allowed unless assigned by a teacher.
11. You are not to talk, make disturbing noises, write or pass notes or use cell phones.
12. You must have a pre-signed pass to leave ISS for guidance, or other classes (Passes must be verified by phone by the ISS monitor).
13. Full day students will be escorted by the monitor to the cafeteria to eat at the designated time. You may bring lunch from home or buy lunch from the cafeteria.
14. Bathroom privilege is not to be abused. You must use the bathroom closest to the ISS room.
15. You must use ISS time to do assignments. The monitor will help if you desire.
16. If you have completed all work, it is your responsibility to remain busy doing:

17. All other school rules and procedures must be followed.
18. Writing on furniture or walls will not be allowed. Desks are checked daily.
19. Students assigned to ISS for three or more separate offenses in any quarter will be referred to the child study team.

20. Violation of the above rules will be reported to the administration resulting in additional consequences including possible out-of-school suspension.
21. Students on suspension either in-school or out-of-school may not attend or participate in any school related activity or the day(s) of their suspension.

OUT OF SCHOOL SUSPENSION

When the discipline codes call for it, the superintendent will suspend a student for up to five days. The superintendent will hold an informal proceeding to ascertain the facts of the incident or incidents. A decision will then be made based on the facts. The parents/guardians of the student will be notified of the reason for the suspension.

During the period of suspension, the student is neither allowed on school grounds, nor will that student be allowed to participate in or attend any school activity. The student is, however, responsible for making up any work missed during his/her suspension. The school will collect any homework for the student, and then notify the parent/guardian that the work may be picked up in the Main Office.

STUDENT ATTENDANCE REGULATIONS

The Willsboro Central School District recognizes the importance of regular daily attendance in the academic progress and success of all students. After a student reaches the maximum allowable number of absences, he will be given an **INCOMPLETE** on the Progress/Report Card. The student will remain in class and be able to obtain credit by attending summer school or by possibly making up missed seat time at the discretion of the Superintendent.

For students attending CV TEC, the credits earned each year for attending CV TEC are required to graduate. Juniors attending CV TEC that exceed the allowable number of absences may be given an incomplete for CV TEC and granted credit only if their attendance improves while attending CV TEC as a senior. Seniors attending CV TEC may also be denied credit under the attendance policy.

STUDENT EARLY DISMISSAL REGULATIONS

If a student must be excused from school for a reason other than illness, a note signed by the parent/guardian must be provided to the OFFICE, before the beginning of first period, to be verified. This note must specify the following:

1. The time of departure
2. The reason for early dismissal
3. A telephone number to be used to verify the note

The student will be released when the parent, guardian, or emergency contact has signed him/her out or by a verified phone call. All students must also sign out before leaving the building. Failure to follow this procedure will result in disciplinary action.

EQUAL OPPORTUNITY POLICY

It is the policy of the Willsboro Central School district not to discriminate on the basis of gender, race, color, national origin, or handicap in the educational programs or activities which it operates. Furthermore, the Willsboro Central School district is required by Title IX of the Education Amendments of 1972 and Section 504 of the Rehabilitation Act of 1973, respectively, not to discriminate in such a manner. Inquiries concerning this policy may be referred to the superintendent.

ANTI-HARASSMENT/BULLYING/CYBERBULLYING POLICY

The Willsboro Central School district does not tolerate harassment of any kind and has a policy to deal with it. The following are some of the actions which the district considers harassment and are therefore prohibited: physical assault (including hitting, pinching, slapping, poking, and squeezing) and intentional physical conduct of a harassing nature of any kind (including obstructing a person's freedom of movement, stalking, etc.), derogatory or demeaning gestures, noises, remarks, jokes or comments about a person's color, race, ancestry, religion, national origin, age, sex, physical appearance, physical or mental handicap, or medical condition. Any form of sexual harassment is also prohibited. Any person who believes that he or she has been subjected to harassment in violation of this policy or federal and state laws may bring a complaint to the designated Title IX Compliance Officer or the school's superintendent. The district's full Anti-Harassment policy is on file in the main office.

4. Families are encouraged to open a School Bucks account. Instructions on how to do this are available on the school's website. Monies may be put on the account weekly, bi-weekly, or monthly at your convenience. You may choose to send in a check or cash with your child. Also, storing of students' home lunch or snacks in kitchen refrigerators is not allowed.

If a student chooses to violate the cafeteria code of conduct, the following actions will be taken at the discretion of the cafeteria monitor.

1. A student may be assigned a specific seat.
2. A student may be sent to the responsibility room for lunch. In addition, a copy of the incident report will be sent home.
3. Repeated or severe violations may result in referral to the office for further consequences.

SCHOOL BUS RULES

The following are the basic rules of conduct expected of students while riding a bus either to or from school or while on a sports event or field trip.

1. Students will enter and exit the bus in an orderly fashion with no pushing or running.
2. When on the bus, all students will take a seat and remain in that seat until it is time to get off the bus either at their stop or at school. The only exception to this is when the bus is near capacity, and the driver instructs the student to stand until a seat becomes available. In this instance, the older students should give their seats to the younger ones and take the standing position.
3. If a driver assigns a student a specific seat, that student will sit in the assigned seat until told otherwise.
4. While on the bus, students will face forward and keep their feet out of the aisle, their book bags on their lap and their voices down to a normal level with no shouting at all.
5. Students will not fight and they will keep their hands-off other students and property not belonging to them. They will also refrain from using obscene language while on the bus.
6. Students will not touch the emergency doors or windows unless instructed by their driver. They will also not deface the bus in any way.
7. Students will not shout or extend anything out of the window such as arms, hats, etc.
8. There is no smoking, use of matches, eating or drinking allowed on the bus. This includes candy and gum. On long trips, games, or special runs, if the driver gives permission, eating may be allowed, but it is the coach or chaperone's responsibility to make sure the bus is clean at the end of the trip.
9. Students will obey the driver's requests at all times.

STUDENT DRIVERS AND PARKING

Students who want to drive to school must fill out the appropriate permission form available from the main office. Student drivers are required to park in the designated student parking places. All state and local traffic laws should be strictly adhered to when driving on or near school property. Leaving the school building to obtain items from the car during school hours is not permitted unless permission is given by the office. Students will not smoke, vape, consume alcohol or do/possess unlawful drugs/drug paraphernalia or allow any other person to do the same in his/her vehicle on school grounds. The school reserves the right to use the police K-9 unit to keep our building and grounds a drug free zone. The Superintendent or his / her representative have authorization to conduct an inspection of student vehicles parked on school grounds during the regular school day with the possible assistance of the police K-9 unit. When there is reasonable suspicion that the vehicle contains items that would hinder the health and safety and morale of the student body the inspection would take place. Driving to school is a privilege and may be revoked for poor behavior, attendance or academic ineligibility.

FIRE DRILLS

Each teacher should review and insure that a sign is prominently displayed in any room where he/she holds instruction. The teacher should ascertain that students are familiar with the following fire drill procedures:

1. The signal for the fire alarm is a continuous ringing of the alarm.
2. The signal to return to class will be upon the verbal directive from the administration.
4. In order to provide directions and prevent panic, quiet and calm must prevail.
5. Students should move swiftly—but not run.
6. Elementary students have the “right of way”.

DANCE/PROM RULES

1. Anyone who leaves a dance will not be readmitted.
2. The dance will be for Willsboro students only. Any guest must be registered at the Willsboro Central School Office prior to 3:00 p.m. of the day of the dance. The Willsboro Student signing up the guest will accept responsibility for that person. They will also escort the person into the dance.

3. An appropriate number of chaperones will be on duty along with the class advisor.

LOCKERS

The lockers are owned by the school and students in grades 4–12 are allowed to use them. Students will be assigned a locker to use—no switching is allowed. Students will be provided a school lock to use to secure their locker. No personal locks will be allowed. Students are responsible for their own locker and are expected to keep them in the same condition as when they were assigned, including completely cleaning it out at year’s end. The school is not responsible for items lost or stolen from an UNLOCKED locker. The school reserves the right to search lockers and may use the police K-9 unit in this activity.

SCHOOL HOURS

School hours are from 7:45 a.m. to 3:00 p.m., although students may be released earlier. Students should not be in the school building outside of those hours unless under the direct supervision of a faculty or staff member. Leaving school grounds during those hours is strictly prohibited unless excused or signed out by a parent or guardian or on a school sponsored off campus trip.

VISITORS TO SCHOOL

Visitors, including parents, may be allowed, but they must enter through the main office, sign in and obtain a pass. Parents/guardians are welcome to observe classrooms. However, because any new presence in the classroom could potentially be a disruption, any such visit must be previously arranged with the teacher and approved by the Superintendent and limited to no more than two hours. The school reserves the right to deny access to any visitor. Visitors during the school day will not be allowed to go to the classrooms until the classroom teacher has been notified by the main office.

ACADEMIC MATERIALS

Students are expected to come to school properly prepared to participate in the various learning activities that WCS offers. This means that every day students should have proper writing utensils, books, prepared assignments, notebooks, gym clothes, and any other material assigned. It is expected that students will have these various materials in each of the classes in which they are required.

All text books, library resources and school equipment are issued on a loan basis. It is the student's responsibility to care for these materials and return them in good condition at the end of the year. Materials not returned, or brought back in a deteriorated condition, will lead to parents being billed for their replacement or repair. Writing in or on books is not allowed, they are not to be abused in any way. If required each textbook should be properly covered. Students who willfully destroy or damage school property will be disciplined and charged for repair or replacement.

ACADEMIC HONESTY POLICY

With respect to the academic honesty of students, it is expected that all material submitted as part of any class exercise, in or out of class, is the actual work of the student whose name appears on the material or is properly documented otherwise. Academic honesty includes ethical citizenship. Our school is committed to educating students who will be good citizens in their community. Just as a community or business cannot tolerate cheating or stealing, an educational institution also cannot tolerate cheating and stealing. Academic integrity means that there is no tolerance for cheating or plagiarism.

Cheating is the use of dishonest means to complete an academic assignment or test.

Examples of cheating include but are not limited to:

Plagiarism is presenting someone else's idea or work as if it were your own.

Examples of plagiarism include but are not limited to:

- Copying a passage word for word from an information source without citing the source
- Rephrasing someone else's original idea without giving credit to that person
- Turning in work that was obtained from an online essay mill or from another student

Fabrication is falsifying or inventing any information, citation, or data.

Examples of fabrication include but are not limited to:

- Turning in a book review without actually reading the book
- Making-up data for a project when you were expected to gather real data
- Including in a bibliography resources not actually read or used

Facilitating academic dishonesty is helping another person cheat, plagiarize, or fabricate, as well as physically stealing any information that does not belong to the student.

Examples of facilitating academic dishonesty include but are not limited to:

- Allowing other students to look at your own work during an exam or in an assignment where working together is not allowed
- Providing information, material, or assistance to another person knowing that it may be used to help another person cheat, plagiarize, or fabricate
- Possession of any academic materials not belonging to a student. (This offense is punishable in accordance with the Disciplinary Guide Chart under "Theft".)

Denying others access to information or material is any act that interferes with the use of or access to library or course materials.

Examples include but are not limited to:

- Removing pages from books
- Removing materials from the library without checking them out

STUDENT RESPONSIBILITIES

1. Each NHS member must submit a permission slip from their parent excusing their son/daughter from school lunch and granting permission to drive during lunch hour. This would grant permission for the whole year.
2. Each NHS member must maintain passing grades in all courses.
2. Each NHS member must also sign in and out to leave for lunch.
3. A NHS member using this privilege must leave the building and the school grounds immediately after signing out, unless supervised by a teacher.

11. The administration has the right to review all cases of withdrawal of the privilege.

HONOR ROLL

At the end of each quarter students with an overall, truncated average of 85 or above will be placed on the school's honor roll. Students with an average of 90 or above will be placed on the school's high honor roll. To qualify for the honor roll, a student must have a minimum of 5 credits and not have any incomplete or failing grades. The names of these students will be released to the local media and prominently displayed in the school for recognition. All parents of honor students will receive a letter of congratulations from the superintendent.

ACADEMIC LETTERS

Academic letters and pins will be awarded to students who achieve high levels of scholarship. The criteria to receive an academic letter or pin is, earning an 85 or higher average during the first three quarters of the school year. In addition, individual teachers will give awards to students they feel deserve to be recognized for their efforts.

RULES FOR PROMOTION

Freshmen to Sophomore	6 credits required
Sophomore to Junior	11 credits required
Junior to Senior	must be scheduled for all graduation requirements
Senior to Graduate	22 credits required plus required regents exams

MARKING SYSTEM

Grading at Willsboro Central High School is on a percentage basis. Pupils in grades 6-12 are graded in academic subjects with a numerical grade that represents a percentage that is based on class work, tests, quizzes and class participation. Report cards are sent home four times a year, with interim progress reports provided at 5-week intervals. Please consult the school calendar to determine the dates for this year. 65 is a passing grade. In elementary school, the passing grade is 70.

FINAL EXAMS

Final exams or projects are required for all semester and year courses. If the course is a full year, core course, it should end in a final exam not a project. The final exam in a Regents course should not be the Regents exam. In Regents courses, the final can be given during finals week or the exam can be given during the last week of school and the final exam period can be used for review. Students must take the final exam to successfully complete the course unless excused by the administration. Students cannot pass a course simply by passing the final exam or the Regents Exam. Semester or non-core courses may end in a project. Final exams and quarterly averages all weigh

equally when determining a final average. All students should report to all classes and remain in the room until the period is complete on days designated to finals. Students may be dismissed if they have a study hall or otherwise do not have an exam, but it **must be at the beginning of a period and with written parental/guardian permission.**

REPEATING CLASSES OR GRADE LEVEL

Students in seventh and eighth grade will repeat the grade level if they fail two out of the four core subjects.

Students that fail non-elective high school courses will have to repeat the course for an entire school year. Students that have failed courses are encouraged to attend summer school to maintain their progress towards graduation.

Permission to attend summer school must be granted by the administration.

CLASS RANK

At the end of the Junior and Senior year, the relative rank of each student will be determined. This rank, a straight average of all academic courses, is used in reports to colleges. The determination of class Valedictorian and Salutatorian will be done at the end of the third quarter of the Senior year. Students receiving a grade point average of 90 or higher will be recognized as honors graduates.

ADD/DROP PERIOD

Students may add or drop courses during the summer with parental permission. The Guidance Office will be open during designated hours for this purpose. After school has started, there will be an eight day Add/Drop period where students may add or drop courses with written parental permission. After the Add/Drop period, changes in students' schedules will only be done with a parent or teacher-initiated conference involving the principal, guidance counselor, student, parents, and the teacher(s) involved. Courses dropped after this period will remain on the students' transcript as WP (withdrew passing) or WF (withdrew failing). Second semester courses will also have an eight day Add/Drop period. Students must maintain a schedule of at least 6 periods of classes unless otherwise approved by the school counselor or school psychologist.

ACADEMIC ELIGIBILITY REGULATIONS

Extracurricular activities require a tremendous amount of time and effort. The students' academic and/or vocational education is the primary function of our school system. Students will be required to maintain a satisfactory status in their program of instruction before they will be permitted to participate in extracurricular activities. Passing every subject will be the goal of every student.

All employees of the school acting in the capacity of advisor, coach, or supervisor of an extracurricular activity must be familiar with the policy and enforce it.

POLICY

- A. After the first five weeks of school a list of all students failing any course will be submitted by the teachers to the main office. A teacher should consider individual limitations and abilities during this step of the process such as being classified by the CSE committee.
- B. A master Academic Ineligibility List will be compiled that will include any student:
 - Any senior failing a course required for graduation.
 - Any student that has a combination of two or more failing subjects and incompletes.
- C. Any student appearing on this list will have 1 week to improve his/her academic performance. These students will be allowed to participate in extracurricular activities during this one-week probationary period. A letter will be sent home to notify the parents that their child is on probation. If a student is on the list because of an incomplete, the student may be removed from the list after a passing grade has been submitted by the teacher provided the student no longer has 2 or more failing classes/ incompletes.
- D. All students on the list must complete the following procedure: The student picks up an evaluation form on Monday morning. Only students absent on Monday can get the form on Tuesday. If a student is in school on Monday and does not get a form, he or she will not be allowed to get a form later in the week. The student will note on the form the activities and/or grades received in each class and each day of the week. On Friday, the student asks each of their teachers to sign the teacher portion of the form and the teacher will mark if the student's effort during the week has been satisfactory or unsatisfactory. The student takes the form home over the weekend and the parent signs the form. The student will return the completed form to the guidance office and pick up a new blank form. The submitted form must include ALL signatures (teachers and parent) and the dates. Incomplete forms will not be accepted. The student will continue this procedure for the entire five-week period.
- E. If there has not been satisfactory improvement in **ALL** failing subjects, the student will not be allowed to participate in any extracurricular activities. The student will be notified of his/her ineligibility.
- F. When the administrator receives the completed form and if the student has done satisfactory work for the week, the supervisor will issue a "Back on Track" card restoring extracurricular activities.
- G. Student receiving a Back on track Card will still be on pass restriction and must remain in study hall unless receiving a pre-signed pass from a teacher for academic improvement only.
- H. A student cannot circumvent the "two-failure" academic standard by dropping a course he or she is failing. A student must meet with the guidance counselor before a course may be dropped. At the discretion of the guidance counselor a meeting with student, parents, teacher, and extracurricular advisor/coach may be necessary. If a student drops a course without recommendation from his/her guidance counselor, he/she will be referred to the academic eligibility committee for reinstatement or denial of extracurricular activities.

CONSEQUENCES OF ACADEMIC INELIGIBILITY

- A. A student on academic ineligibility will not be allowed to participate in or attend any extracurricular activities (any school sponsored, non-credit bearing activity including participation in sports, clubs, organizations, and class activities or attendance at dances).
- B. A student on academic probation or ineligibility will not be allowed privileges (including driving and lunch release).
- C. A student on academic probation or ineligibility will be on pass restriction (passes given for academic reasons only).
- D. The decision to deny participation in the senior trip and junior prom will be made by the Superintendent.

ELIGIBILITY PROCEDURES

INTRODUCTION: The intent of the Eligibility Program is to: 1) promote academic success in school, and 2) to encourage participation in extra-curricular activities. Students that are on the Academic Ineligibility List must follow the eligibility procedures in order to continue participation in extra-curricular activities and receive ongoing school privileges.

INTERNET ACCEPTABLE USE PROCEDURE

The Willsboro School district has actively pursued making advanced technology and increased access to learning opportunities available to our students and staff. We offer Internet services through the Willsboro Board of Education and Willex.com. The purpose of the Internet is to facilitate communications in support of research and education by providing access to unique resources and an opportunity for collaborative work. We also have Google Chrome throughout the school. This allows our students and staff the ability to work and communicate collaboratively inside and outside of the school building. We believe this computer technology will help propel today's students into the information age by allowing students and staff to access and use information sources from distant computers, communicate and share information with individuals or groups of the students and staff, and significantly expand their knowledge base. All students in the district will be afforded equal opportunity to access the internet and related technology. The District recognizes that parents/guardians bear the primary responsibility for transmitting their particular value-set to their children. The District encourages parents to set clear expectations about the material that is and is not acceptable for their children to access using District Systems. The Internet is a tool for lifelong learning and only begins to open the door to many other opportunities.

1. In order to access the Internet via district's network, all students and their parent/guardian should read, fill out, and return an Acceptable Use Policy (AUP). A copy of the policy can be obtained from the school's computer lab. Note: the provided access expires at the end of the year, so a new AUP needs to be signed each year.
2. Use of the Internet must be in support of and consistent with the educational objectives of the district.
3. Transmission of any material in violation of any federal or state law or regulation is prohibited. This includes, but is not limited to, copyrighted material, threatening or obscene material, or material protected by trade secret.
4. Student users must have direct teacher supervision when using the Internet. If there is not a teacher or staff member in the room, a student may not access the Internet.
5. Use of the Internet at school for commercial activities is not acceptable. Use for product advertisement or political lobbying is also prohibited.
6. Be polite. Do not swear, use abusive language, or vulgarities in your messages to others.
